Walking around the East Neuk of Fife

The southern coastline of Fife - the East Neuk - is blessed with an array of truly picturesque fishing villages and towns. Crail, Anstruther, St Monans and Pittenweem - their harbours all linked by the Fife Coastal footpath - are a major draw for visitors today. Here are some walk and cycle routes that will enable you to see some of the glorious scenery and quaint villages in our wonderful area. All the routes in this booklet (except Route 3) are available on ViewRanger™ (which can be downloaded onto your phone at the Google Play Store or the Apple Appstore) and have route descriptions by scanning the QR code supplied (separate app required).

Walking Safely

Walking can be dangerous and is done entirely at your own risk. The information in this booklet is provided free of charge, with no responsibility being held by The Inn at Kingsbarns; it is up to each walker/cyclist to check it and navigate using a map and compass, where required.

- Check the weather forecast before you set out, take a waterproof and keep an eye on the sky. If you are on a coastal walk, make sure you know when the local high tide to avoid becoming stranded.
- Don't take risks by attempting long or difficult routes without preparation.
- Take a map or Nav App on your phone or GPS and know how to read it.
- Be aware of any 'escape routes' if you're walking long-distance paths and need to cut the walk short.
- Make sure you've got plenty of food and drink and wear suitable clothing.
- Tell someone where you are going and when you expect to be back.
- Stick to the Highway Code when walking on roads, and always use the pavement, if there is one. Cross at a designated point and make sure drivers can see you. If the road has no pavement, try to walk on the right, facing oncoming traffic and cross to the other side when on sharp right-hand bends. Try to be more aware when walking on country roads, because traffic may be moving very fast.
